Celebration of Learning- Kindy 2020

During the morning we start with purposeful play. This has helped the children make friends, share common interests, develop language skills and develop **literacy** skills. We then use their experience of play as a stimulus for their writing.

In **Mathematics** we have been working hard to make the connection between the numeral that matches the collection of objects.

Most importantly, Kindergarten children are learning how to **be a good friend**. We can share, use kind words, use gentle hands and listen to others.

Year 1 Celebration of Learning

Year 1 has been learning about Living Things in Science this term. They had a great time investigating animals at our touch table.

We have been learning to count and arrange our collections so that we can count our collection efficiently. How many counters? How do you know?

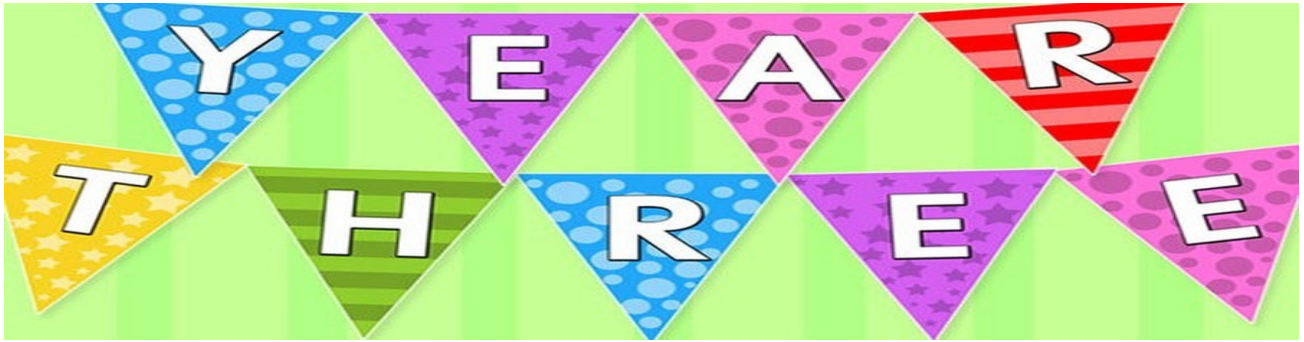

What is 1 more? What is 1 less? What is 10 more? What is 10 less?

Year 2

Year 2 have been learning all about forces in Science. We learnt about how the upward push of water influences the downward pull of gravity.

Year 3 are finding the power within themselves to be to successful, purposeful and happy learners...

Year 4 get straight into learning as they put their best foot forward!

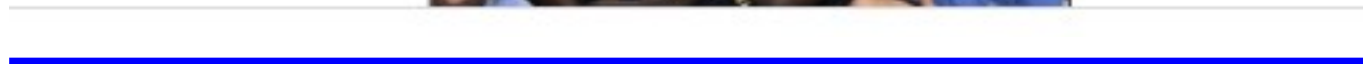

CREATIVELY

COMMUNICATING COLLABORATIVELY

WE ARE SAFE, RESPECTFUL LEARNERS!

year 5!

We love learning new skills using technology.

We are thankful for all of our blessings.

Year 5 have started the year off by following the yellow brick road and being safe, respectful, learners!

Year 6

On Wednesday 12th Feb, Year 6 students attended the **LIFTED Live Jnr** event run by Catholic Youth Parramatta (CYP) and the Faith In Action Team (FIAT).

It was a fantastic day where the students had the opportunity to hear and respond to Bishop Vincent's 2020 'call to mission'.

The day featured the talented Gen Bryant and inspired the students to praise God through song and dance. Our Year 6 leaders also had the chance to plan for FIAT initiative that they could lead back at school.
