Kindergarten

Feathers, Fur and Kindergarten

In Maths we have been learning to using mathematical language to describe volume and capacity.

In Religion we have been learning about Shrove Tuesday and Ash Wednesday.

Year 1 Celebration of Learning

Year 1 have been super learners to kickstart 2021!

Year 1 have been developing efficient counting strategies using concrete materials.

History: Present and Past Family Life

Year 1 have been stepping back into time to learn more about what life was like for families in the past and comparing them to now!

I wonder what life will be like in the future?

Year 2

Year 2

Celebration of Learning

In Religion, we are learning about what it means to show love. We are researching different people who act as disciples of Jesus and show love to others.

In History we are learning about the past and how our lives now are different. Mrs Brogan brought in lots of things from the past that she has inherited from her family and we had fun working out how they were used.

In Maths, we are learning about the features of 3D objects. We know about faces, edges and vertices.

Year 3 has had a very busy start to 2021.

Introducing our "**SECRET SUPERSTAR**" of the week for 3Y and 3B

Our Secret superstars are students who have shown us **ALL WEEK** that they can be a safe, respectful learner and apply our growth mindsets to learning. We celebrate one student a week from each class.

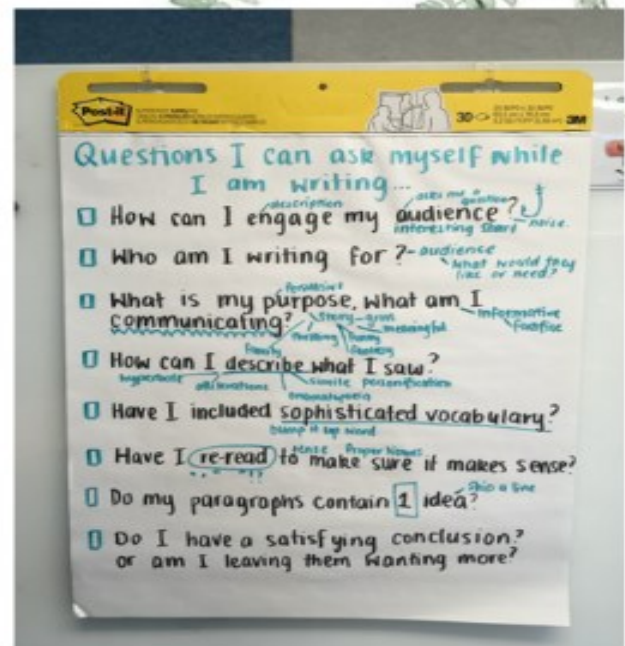

Congratulations to Scarlett and Travis who were our first Superstars in Week 3 and Congrats to Elijah and Ayen who are Week 4's Superstars!

*Year 3 also began **Strings** on Friday. We were so excited to be given our instrument and our teacher Mrs Loevendie was impressed that we already know how to read music! A great start!*

Year 3 have been learning how to be responsible for their own learning. We know that **growth mindsets** help us to be better, stronger learners. We planted our own cactus plants to remind us that sometimes learning can be hard and prickly but we don't give up, we keep on trying and constantly strive to reach our goal...

Year Four have loved setting goals and using a writing stimulus to create amazing pieces of writing.

Year Four Celebration of Learning

Year 5!

Year 5 start the day with a maths warm up and fun maths activities.

A Day in the Learning of Year 5

We share our gifts in Religion

We do lots of reading and writing

And we finish our day with History, with great discussions and hard thinking!

Year 5 have settled into our temporary learning space. However we are looking forward to moving into the stage 3 building when the renovations are finished.

Year 6

YEAR 6 HAVE KICK STARTED THEIR LEARNING IN 2021!

Year 6 have been busy working on collecting and interpreting data in real life situations.

We jumped into 2021 by getting active and having fun with our peers.

We have enjoyed taking charge of our learning and engaging with our whole school writing stimulus. We have written texts that transport our readers to other worlds.
